

One for all.  
The testo Smart App.

Be sure. 

All applications of the new digital manifolds on your smartphone – and much more: **stored menus** guide you step by step through the measurement, you can **evaluate results faster**, and documentation, including **sending measurement data by e-mail**, is child's play.

- **All in one:** One App for all Bluetooth®-enabled Testo measuring instruments
- **Quick and easy:** Measurement menus for numerous applications provide optimum support in configuring and carrying out the measurement
- **Graphically visualized presentation of measurement values**
- **Create digital measurement reports** including photos as PDF/CSV files on site and send via e-mail

Be sure. 

Extra-large graphic displays, the testo Smart App and intuitive user guidance make measurements **faster and easier than ever before.**

**Compact, handy and robust:**

The rugged housing combining a metal frame with IP54 protection ensures reliability under extreme working conditions.

**Wireless measurement, uncomplicated documentation** – with Bluetooth® 5.0, testo Smart App and free testo DataControl PC software.

<b>Manifold testo 557s with 4-way valve block</b>	
testo 557s Smart Vacuum Kit consisting of manifold testo 557s including calibration protocol, wireless vacuum probe testo 552i, 2x wireless clamp temperature probes testo 115i, instrument case	QT065 (0564 5571 02) £ 359.00
testo 557s Smart Vacuum Kit with filling hoses consisting of manifold testo 557s including calibration protocol, wireless vacuum probe testo 552i, 2x wireless clamp temperature probes testo 115i, instrument case and filling hose set (4 off)	QT066 (0564 5572 02) £ 395.00
<b>Manifold testo 550s with 2-way valve block</b>	
testo 550s Basic Kit smart digital manifold with cable temperature probes in practical case, incl. calibration certificate and batteries	QT062 (0564 5501 02) £ 251.00
testo 550s Smart Kit consisting of manifold testo 550s including calibration protocol, 2x wireless temperature probes, instrument case	QT063 (0564 5502 02) £ 314.00
testo 550s Smart Kit with filling hoses consisting of manifold testo 550s including calibration protocol, 2x wireless temperature probes, instrument case and filling hose set (3 off)	QT064 (0564 5503 02) £ 341.00
<b>App-controlled manifold testo 550i (2-way)</b>	
testo 550i App-controlled manifold incl. calibration protocol	QT060 (0564 2550 02) £ 116.00
testo 550i Smart Kit consisting of manifold testo 550i including calibration protocol, 2x wireless temperature probes, instrument case	QT061 (0564 3550 02) £ 179.00
<b>App-controlled Smart Probe testo 552i</b>	
testo 552i App-controlled wireless vacuum probe, including batteries and calibration protocol	QT067 (0564 2552) £ 103.00

Everything at a glance.  
In your hand.

Fast measurement and easy operation via large graphic display and your smartphone – and yet maximally compact and rugged. The new digital manifolds from Testo.

## The new generation of digital manifolds.

Thanks to Bluetooth® 5.0, the new digital manifolds with an extra-large display and robust safety housing are also suitable for wireless measurement. You save valuable time and avoid stress in the installation, maintenance and servicing of refrigeration systems and heat pumps. All important measurement programs are already stored in the system, as well as the right refrigerants for different plants.

With the testo Smart App, documentation is fast and uncomplicated on site. And thanks to wireless data transfer, you even have both hands free. For a smooth job.

testo Smart App  
for free download

### testo 550s / testo 557s

The two new ones.  
First choice for every job.

The new, digital manifolds testo 550s and testo 557s with 2- or 4-way valve block make measurements faster and easier than ever before.

**Guided menus** guide you through the measurement and allow the automatic recording of all important plant parameters. **Bluetooth® probes** for temperature, pressure and humidity can be connected wirelessly to the instrument, and together with the **testo Smart App**, provide even more flexibility. And thanks to its proven quality and great durability, you can rely on **maximum precision**.

- **All results at a glance** with the large graphic display
- **Exceptionally compact and reliable** thanks to the easy-to-handle, robust housing with IP 54 protection class
- **Simple, wireless measurement of vacuum and temperature** via automatic Bluetooth® connection
- **Even greater flexibility for your measurements and documentation** with the testo Smart App

### testo 550i

Fully smart, fully wireless:  
The smallest manifold of all time.

The first **fully digital manifold** testo 550i enables you to control your daily servicing and maintenance work on refrigeration and air conditioning systems and heat pumps entirely via **testo Smart App** and smartphone or tablet. The smallest digital manifold on the market is equipped with a 2-way valve block, deals with measurements precisely, fast and conveniently, and thanks to the digital documentation, saves considerable time.

- **All activities, from measurement through to documentation**, using the Smart App on your Smartphone
- **The smallest digital manifold on the market**
- **Maximum reliability** thanks to the extremely robust housing with IP54 protection class
- **Optionally expandable with testo Smart Probes** for wireless measurement of temperature, humidity and vacuum

### testo 552i

Wireless and hoseless  
vacuum measurement.

No cables. And no hose either:  
The new testo 552i App-controlled vacuum probe expands the testo Smart Probes portfolio with the option of measuring vacuum **wirelessly**, fast and **via just one service port**. And all this completely stress-free, as the probe **connects automatically** with the App and all digital manifolds.

- **Identify vacuums quickly and easily** through graphical representation in the App or on the digital manifold's display
- **Automatic Bluetooth® connection** with the testo Smart App and all digital manifolds
- **Compact, reliable and robust** thanks to housing with IP 54 protection class
- **Easy installation** at any service port thanks to the integrated 45° angle
